

List of attendees

We are expecting nearly 50 people to participate in LUPTS 60. Name badges will be issued, so please wear them so people can identify each other. The following is a list of people attending and the year in which they joined LUPTS, although in the absence of full records, some of these have had to be estimated. People are dipping in and out of the various activities, so not everyone will be at all events. The term 'Guest' is used to denote people are accompanying members, or who were never formally paid-up members of the society but have been closely involved with activities over the years.
